Application Procedure

A nomination e-mail with application instructions will automatically be sent to the student's e-mail once the nomination is submitted. The nomination e-mail contains a link to our courses in English offered to exchange students.

The students can apply for all courses offered in the course list for exchange students as long as they fulfil the required knowledge.

If your students are going to apply for courses given in Swedish, please ask them to contact us at incoming.io@umu.se as soon as possible and well in advance of the application deadline.

The following must be considered before the course application is submitted:

- *Courses should only be selected from the course web page for exchange students*

When the nomination has been submitted, your student will receive an e-mail with application instructions and a link to the course web page for exchange students. It is important that your students only choose courses from this page. If the selection is made directly at universityadmissions.se, that application will be removed/deleted.

- *Courses should not clash!*

According to the Swedish study system full-time courses (100% tempo) are taken one at a time rather than parallel. Therefore, it is important to carefully check which week each course starts and ends. More information about the study duration can be found on the course web page.

General study model

Alternative 1	Course 1, 7.5 ECTS	Course 2, 7.5 ECTS	Course 3, 7.5 ECTS	Course 4, 7.5 ECTS
Alternative 2	Course 1, 15.0 ECTS		Course 2, 15.0 ECTS	
Alternative 3	Course 1, 30.0 ECTS			
Alternative 4	Course 1, 7.5	Course 2, 7.5 ECTS	Course 3, 15.0 ECTS	
Alternative 5	Course 1, 15.0 ECTS		Course 2, 7.5 ECTS	Course 3, 7.5 ECTS

- *Course changes are very restricted*

Note that course proposals will be quite fixed and binding so it is important to choose courses carefully. We have no add/drop period and course changes after the deadline are very restricted.

- *Course requirements*

The specific requirements and the study duration for each course is stated on the course web page and are found by clicking on the course name in the list of courses. **The requirements are not just a recommendation; it is necessary to fulfil them.**

- *The course selection must be approved by the home university*

Please make sure to approve of the selected courses before the application is submitted.

UMEÅ UNIVERSITY

- *30 ECTS per term is considered full-time studies*

The number of credits a student can be admitted to is restricted to 30 ECTS per term, which equals full-time studies. Students who require a residence permit must be admitted to 30 ECTS.

Note that a student cannot get a residence permit for distance learning studies.

If students are admitted to 30 ECTS the exceeding courses that the student has applied for will be dropped, with the exemption of *Swedish for International Students, Beginners' Courses*. These courses can be selected in addition to 30 ECTS in other subjects.

- *Courses must be listed in order of preference*

It is possible to select a maximum of eight courses from the course web page. Since the restriction is 30 ECTS per term it is important that the student list all courses in order of preference.
